PRESS KIT LogiMAT 2020

Due to the development of the Covid-19 virus, Pepperl+Fuchs has decided to cancel its participation in LogiMAT 2020.

Our press releases:

- **Company Profile**

Factory Automation

1. **IO-Link Master with OPC-UA**
2. **R2300: Reliable Object Detection with 3-D LiDAR Multi-Layer Scanner**
3. **Customized Solutions: Digitalized Complete Solution for Real-Time Inventory Management**

We would be very pleased if you continue publishing our press reports in your magazine. Should you have any question or if you are interested in a special subject, please do not hesitate to contact us.
